

# City of Madisonville

## Contractor Registration

As a service to our residents, contractors operating within the City Limits are required to register with the City. At the time of submission, the contractors applicable state license and liability insurance are verified to be current and active. Registration is required annually. The list is published to provide residents with options to select contractors that meet their needs. If you are a contractor or know a contractor who is not listed below, please have them contact City Hall at **(936) 348-2748**. Contractor registration is free. This list is updated on or about the 1<sup>st</sup> and 15<sup>th</sup> of each month as necessary. Contractors are listed in their Contractor Type Category and in the order that they are registered.
